Integral feed and outfeed exhausts remove chemicals and contaminated air from the workplace.

Optional integrated digitally controlled quartz pre-heat for temperature boost at oven entry.

The strongest, toughest and longest lasting conveyor belts on the market.

Auto tension, self-tracking rollers.

Highly efficient, direct ultra violet controlled burner system.

Optional VOC (volatile organic compounds) exhaust filtration system.

Air curtain cooling maintains a cool outer skin.

New Features

- Features new vacuum pull-down that provides exceptional stability of delicate fabrics preventing lifting/flipping of fabrics or transfer paper whilst under high velocity Jet Air curing technology.
- Even higher airflow through the garment for increased airflow penetration leading to faster curing times, and unmatched wash fastness.
- Features new "Eco Extractor + technology" which utilizes more clean filtered air whilst extracting 100% more contaminated air and fumes and still maintaining superior energy efficiency levels.
- New touchscreen interface design, easier to navigate and reacts faster.
- Unique built in hood extraction helps prevent fumes from escaping in to your factory as products enter and exit the oven for a cleaner, more pleasant working environment.
- Fast & easy to clean fine filtration system that can be cleaned even whilst the dryer is running, no replacement filters required.
- Reduced energy consumption for the lowest running costs.
- Integral exhaust connected from top of dryer with easily adjustable exhaust outlet valve.
- Lint filter removable from either side of dryer (no replacement filters required).
- Removable end panels for easy cleaning access.

Strongest jet airflow on the market with integrated vacuum hold down integrates new technology in curing and ink penetration.

The worlds easiest maintainable curing system allows pitstop speed service in minutes.

PRO-CURE ADELCO

PRO-CURE ADELCO

Standard Features

- ★ Five belt widths available.
- ★ Air intake from both sides of oven giving unrivalled heat distribution.
- ★ Ovens are fully modular enabling the exact dryer length to be chosen to suit all curing requirements and be expanded at a later date.
- ★ Triple insulation with air curtain for the coolest exterior skin ever.
- ★ Unique digital automatic belt speed control. Enter the time in minutes and seconds for automatic belt speed adjustment that is precise and repeatable every time.

Quick release panels for ultra fast serviceability and maintenance.

Sophisticated fold away control panel interface.

Recycles clean filtered air and extracts contaminated air.

Small quick release fine filters for simple / fast maintenance, even whilst dryer is running. No replacement filters required.
